

22nd October 2026 10:00–15:30 CET

WaterProof Workshop: From Waste(water) CO₂ to Formic Acid

Matrix ONE | Science Park 301 | 1098 XH Amsterdam | The Netherlands

9:30 Welcome and reception

- | | |
|-------|--|
| 10:00 | Annelie Jongerius (Carbeau): Introduction to the WaterProof project |
| 10:30 | Guillermo Pozo Zamora (Tecnalia): Acidic deep eutectic solvents (ADES) synthesis and application to recover metals from wastewater sludge and incineration ashes |
| 11:00 | Jan-Peter Born (HVC): Waste valorisation through CCU implementation |
| 11:30 | Campaign and process unit video: Carbeau and HVC |

12:00 Lunch and poster session

- | | |
|-------|---|
| 13:30 | Alena Jahns and Mara Wagner (IZES): Industrial Urban Symbiosis |
| 14:00 | Guest project introduction: Frank Kensy (b.fab) ICO ₂ NIC Project and (tbc.) HICCUPS Project |
| 14:30 | Panel discussion |
| 15:00 | Closing and wrap up |

15:15 Handover certificates of participation
